

## Financial Aid Object Code Changes

In order to accurately capture the split between undergraduate, graduate, and professional financial aid expenditures for budgeting, reporting and cost recovery purposes, the following object code changes have been made:

82XX object codes are to be used exclusively for undergraduate financial aid. Therefore, all code descriptions have been changed to remove mention of professional aid. All professional school graduate financial aid should now be charged to 85XX object codes (see below).

Professional Schools (Law, Johnson, Veterinary use only)

Three new object codes were created for the three professional schools to enable differentiation between undergraduate and professional graduate aid.

- 8520 – Prof School Grad fin aid
- 8528 – Prof School Grad health ins
- 8550 – Prof School Grad prizes

Prizes

- 8450 – This general prize object code has been eliminated to create separate object codes for graduate prizes, undergraduate prizes, and professional school graduate prizes.
- 8150 – Grad prizes
- 8250 – Undergrad prizes

Continuing Education (Summer/Winter sessions)

- 8460 – This object code has been renamed from ‘Summer College Awards’ to ‘Extram contin ed award.’ This object code is specifically for extramural student (non-matriculated) financial aid. Graduate and undergraduate financial aid for summer and winter sessions should be recorded on 8160 and 8260, respectively.
- 8160 – Grad contin ed awards
- 8260 – UG contin ed awards
